

WHERE SOLUTIONS

Services

Our number one priority is to give our customers the highest quality service. The outstanding nature of our service is the hallmark of our business. Listed below are a few areas we feel set us apart.

Partnership

Synergy Pharmacy works hard to build relationships with staff and emphasize open communication. Our goal is to bring value to your facility and establish a long term partnership by listening to your needs and responding promptly with effective solutions. We don't want to be just another vendor, so we give our all to become a valued partner.

CREATE VALUE

Managing Medical Costs

1. **Real time Drug Quotes:** Understand the financial impact of each admission instantly.
2. **Dedicated Billing Account Managers:** Provides on-site training, monitors costs, answers questions, and assists you with understanding your bill.
3. **Authorization Strategies:** Set customized price limits and notification methods.

Clinical Services

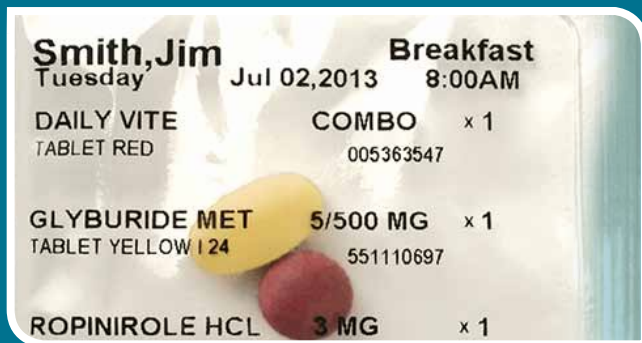

1. Safely reduce or eliminate the use of inappropriate medications.
2. Educate prescribers, nurses and family members on all the options.
3. Improve care and reduce overall cost of care.

Technology

Synergy Pharmacy acquires the most advanced technology designed specifically for today's health care industry.

- 1. ADHERENCE PACKAGING:** Specialized packaging provides your facility enhanced accuracy, accountability, and efficiency. Parata PASS (Patient Adherence Strip System) gives your staff an easy way to manage medications with convenience, confidence, and control.
 - Simple and consistent med-pass.
 - Organize medications the way residents take them: By day and time of dose.
- 2. QUALITY CONTROL:** By using a high-speed, high-accuracy verification inspection aid, Synergy Pharmacy efficiently and safely identifies the contents of each PASS Pack.
 - Scans each pouch for pill quantity, size, and shape.
 - Identifies pouches that need close attention from a pharmacist.
 - Saves an image of each PASS pack for future reference.

- 3. ELECTRONIC HEALTH RECORD INTEGRATION:** Synergy Pharmacy has the technology tools needed to connect to your facility's electronic health record system.

- Bidirectional communication with pharmacy in real time
- Electronic refill requests
- Elimination of monthly recaps
